OIL-FREE COMPRESSOR 1100W - POWX1704

This oil-free portable compressor is ideal for inflating car or bicycle tyres, rubber toys, air mattresses, footballs or blowing out dust. It is compact and light and therefore easy to transport and to store. As the compressor is oil-free, it doesn't require any lubrication or maintenance and is very easy to use. The safety valve avoids overload.

The compressor comes with a nine piece accessory kit that fits neatly in the built-in tool storage. It consists of an inflator gun with manometer, a ball needle, eight different adaptors (for inflating balls, mattresses and bicycles) and a 3m PVC hose with female quick coupler (Euro-Orion).
