POWX0562 PLUNGE SAW 1200W

This 1200W Powerplus plunge saw cuts through large panels with amazing precision. You make an opening in a door panel or use the plunge saw as circular saw to shorten pieces. The guide rail gives you accurate straight cuts every time. It's also possible to set the cutting angle and depth very precisely with the graduated scale and cutting indicators. The Ø165mm saw blade creates cuts up to 56mm depth and even angled cuts are no problem.

It's easy to change the saw blade with the locking lever. The dust extraction tube releases you from sawdust and gives you a clear view of the cutting line. The POWX0562 is delivered with 4 guide rails, 2 clamps, 2 hex keys and 6 bars for connecting tracks. The Powerplus guide rails POWX0562X are compatible with this plunge saw.

TECHNICAL SPECIFICATIONS POWX0562		Features	Box content	Symbols
Rated voltage-frequency	230-240V~ 50Hz	<ul style="list-style-type: none"> Adjustable angle Allows bevel cuts Guide rail for exact cutting Soft grip 	1x plunge saw	  
Rated power	1200W		1x TCT saw blade 24T	
Rotation speed	5200min ⁻¹		1x dust connector	
Max. cutting capacity	with guide rails 50mm (90°) - 36mm (45°)		4x guide rail (340x180mm)	
	without guide rails 56mm (90°) - 42mm (45°)		6x bar for connecting guiding rails	
Bevel capacity	0-45°		2x clamp
