## 37.2cc | 400mm

Cutting firewood or pruning thicker branches? This Powerplus chainsaw with a two-stroke 37.2cc engine offers you the necessary power and comfort for the chore. With a bar of no less than 400mm and a petrol motor you work very efficiently and without hindrance of cables.

In spite of this powerful motor, you are still able to hold the Powerplus machine very comfortably. Thanks to the vibration reduction system, the device has a very low vibration level.

Besides that, you also save time, because the easy start gets you sawing quickly and the quality Oregon chain and guide bar are lubricated automatically. This results in a device with a longer lifetime.

The auto brake hand guard guarantees the operator's and machine's safety. The engine shuts down in case of kickback.

TECHNICAL SPECIFICATIONS POWXG10211		Features	Box content	Symbols
Cylinder capacity	37.2cc	<ul style="list-style-type: none"> <li>• Oregon bar &amp; chain</li> <li>• Easy start system</li> <li>• Vibration reduction system</li> <li>• Low kickback</li> <li>• Quick stop</li> <li>• Auto-brake hand guard</li> <li>• Automatic chain oiler</li> <li>• Automatic choke switch off</li> <li>• Automatic lubrication</li> </ul>	1x chainsaw
