POWDP9062 CHARGER 20V/40V + BATTERY 20V LI-ION 2.0AH

This set contains a 20V battery for the DUAL POWER tools, as well as a 20V/40V charger.

20V Li-ion battery

This 20V battery is compatible with all 20V tools from the DUAL POWER range, both power and gardening tools. It has a capacity of 2.0Ah.

3 LED indicators allow you to check its capacity level so you know at any moment whether you need to charge the battery.

Charger 20V/40V

Your DUAL POWER battery is empty? Charging the 40V battery takes 2 - 2,5 hours. Charging the 20V battery takes only +/- 40min. Once the battery is charged, a red indication light will turn green and you can continue working.

The charger is designed for the 20V and 40V DUAL POWER battery. You can use it for our new generation of batteries, but just as well for the older generation. In that way you can easily keep using your other DUAL POWER batteries too.

Discover our new generation Dual Power batteries: a 20V and 40V Li-ion battery with an even higher capacity.
