POWX075700

MITRE SAW 1500W

With this 1500W Powerplus mitre saw you can make straight and mitre cuts in wood. The device has a saw blade of Ø210mm, with which you can saw chip- and fibreboards as well as hard and soft wood.

The POWX075700 has a solid aluminium base and sawing capacity of max. 55x120mm for straight cuts and 30x120mm for mitre cuts. With the horizontal and vertical scale you are able to precisely set the sawing angle. The high precision laser clearly indicates the cutting line, whereas the adjustable clamp easily holds your workpiece in place. This way you get a very precise cutting result every time.

The side guides let you guide the workpiece, so you can saw even more stably and safely. The spindle lock automatically keeps the spindle from moving when you are changing the sawing blade. For safety reasons, the saw is equipped with a transparent safety cover and the unlock button prevents the machine from operating involuntarily. Thanks to the built in dust extraction and the dust bag you can work tidily without sawdust.

TECHNICAL SPECIFICATIONS POWX075700		Features	Box content	Symbols
Rated voltage - frequency	230-240V~ 50Hz	<ul style="list-style-type: none"> • High precision laser • Safety guard • Dust outlet • Soft grip • Aluminium base • Spindle lock 	1x mitre saw	
Rated power	1500W		1x dust bag	
Rotation speed	5000min ⁻¹		1x clamp / 1x wrench	
Max. cutting capacity	55x120mm		1x saw blade 24T	
Blade dimensions	Ø210x30x2.6mm - 24T		2x extension bar
