ANGLE GRINDER 20V + CHARGER + 2x20V BATTERY - POWDP35150

This cordless angle grinder has a compact Ø115mm disc that make it a handy, manoeuvrable and flexible tool. The POWDP35100 reaches a rotation speed of up to 8500min⁻¹ with which a variety of tasks can be accomplished, like grinding grooves or cutting tiles.

The auxiliary handle enables a safe and controlled use of the grinder. It can be mounted on the left as well as on the right side to accommodate left- and right-handed people alike. The double safety switch and soft start motor that gradually increases the speed ensure the user's safety. The wrench to change the grinding discs has been integrated ingeniously in the auxiliary handle, so it can never be misplaced.
