## POWE40020 PALM SANDER 140W

The smallest corners pose no problem for this convenient palm sander. Its flat-iron shaped sanding plate comes with a self-adhesive hook and loop system. This allows replacing the sanding paper simply and quickly.

The POWE40020 has a self dust function. The advantages of the dust extraction are: a longer service life of the sandpapers, a better visibility on the sanding surface and a cleaner working environment. Two G80, two G120 and one G240 sandpapers are included.

TECHNICAL SPECIFICATIONS POWE40020		Features	Box content	Symbols
