POWERPLUS

POWE60015

VACUUM CLEANER 1000W

This wet/dry vacuum cleaner is very useful for occasionally vacuuming dry and wet dirt. The cleaner also has a blow function, for blowing away dust and leaves. It has a compact 15 litre tank, which makes it much more flexible than a larger model. But don't underestimate this smaller vacuum cleaner. The device has a stainless steel tank, so it is durable enough to handle the rigors of vacuuming.

You can use the POWE60015 with or without dust bag, depending on dry or wet use. Different handy cleaning tools are provided, such as a floor brush, crevice tool and upholstery nozzle, a 1.5m soft tube, 3 plastic pipes and an 8 litre paper dust bag.
