POWERPLUS

POWEG5010

SHREDDER 2500W

This 2500W shredder grinds the shredding material by means of fast rotating blades. The POWEG5010 shredder is suitable both for branches and shrubs and, to a certain extent, also for vegetable garden waste, flowers and shrubs. The maximum thickness of the input shrubs is 40mm. Steady while operating, with wheels for easy transportation.

This shredder is supplied with a sliding collect box, ergonomic feed hopper and push stick. In case of blockage, the shredder can easily be shut down, opened and the blocking piece can safely be removed. For extra safety, the shredder will only operate when the collect box is locked in.
