POWERPLUS

POWC4010 FINISHING SANDER 135W

This finishing sander with soft touch is a real lightweight and very easy to control. It is perfect for small sanding jobs and guarantees a smooth finish. It has a large sanding surface of 187 x 90mm, which allows you to work fast.

A dust adaptor allows you to attach a vacuum cleaner and get rid of all the dust. The advantages of the dust extraction are a longer service life of the sandpaper, a better visibility on the sanding surface and a cleaner working environment.

A G240 sandpaper for wood is included. It is firmly held against the flat pad by paper clamps.
