This nicely designed LED floodlight, producing 650 lumen, is perfect for both indoor and outdoor use, such as at the workshop, jobsite or in the garden, garage or shed. The basic 10W LED floodlight consists of a high powered surface mounted LED that projects a bright and even floodlight. With its protection level of IP65 it is dustproof and watertight. It is designed to be water-resistant and has an impact-resistant housing as the massive body is built from aluminium. The floodlight can be pointed at different angles thanks to its adjustable bracket.
