**SURFACE MOUNTED LED**

**10W**

**50.000h**  
NOMINAL LIFETIME

**720 LUMEN**

**6500 KELVIN**

**220-240V~ 50Hz**

**ALU HOUSING**

**IP44**

**IN & OUT DOOR**

This LED floodlight is equipped with a passive infrared sensor that can detect the heat radiation and motion of people, animals or cars within a range of 10 meters. The time delay setting allows you to adjust the light duration from 5 seconds to 12 minutes. To save energy and prolong the life of the lamp, the POWLI221 will only operate and detect motion when it's dark. This LED floodlight provides the necessary security illumination and drastically increases your personal comfort.

The POWLI221 is water-resistant, dustproof and has an impact-resistant housing as the body is built from aluminium. This basic 10W floodlight with sensor emits 720 lumen.

The floodlight has a high-quality surface mounted LED light that produces a natural daylight colour temperature of 6500K. On top of that, the floodlight has a service life of over 50.000 operating hours. The floodlight is easy to install and can be pointed at different angles thanks to its adjustable bracket.

TECHNICAL SPECIFICATIONS <b>POWLI221</b>		Features	Box content	Symbols
Power	220-240V~ 50Hz	<ul style="list-style-type: none"> <li>• Epistar surface mounted LED</li> <li>• Adjustable bracket</li> <li>• Sensor</li> </ul>	1x LED floodlight with sensor	<div style="text-align: center;">     </div>
