This nicely designed LED spotlight is perfect for both indoor and outdoor usage, such as jobsite, garden, studio and workshop. It only consumes 20W of electricity which makes it an extremely energy saving product. It consists of a high powered surface mounted LED to project an extremely bright even floodlight. The unit is designed to be water-resistant and has an impact-resistant housing as the massive body is built from aluminium. This easy to install light can be pointed at different angles thanks to the adjustable stand.
