3-IN-1 RECHARGEABLE LED FLASHLIGHT POWLI421

This rechargeable flashlight contains 3 separate high power LED spotlights. They can be used as separate lights to illumine your poor lit project from different angles. Additionally their pivoting heads allow to change the direction of the light beam and each light has an integrated magnet at the bottom to mount it to most metal surfaces. The luminance distance equals 150m. This light gives you a versatile compact design with soft grip handle. Provided with 6 AAA-type rechargeable Ni-MH batteries, a charger and 12V car adaptor.
