## CIRCULAR SAW 20V - POWDP2520

This 20V cordless circular saw has a saw blade of  $\varnothing 165\text{mm}$  that rotates at a speed of  $4000\text{min}^{-1}$ . You can use it to cut straight lines with the support of the guide bar or to saw mitre cuts as it also has an angle adjustment for angles between  $0^\circ$  and  $45^\circ$ .

The blade can be set to the required depth. The POWDP2520 can cut up to 55mm (or 36mm at  $45^\circ$ ). A built-in high precision laser guarantees correct, clean and accurate cuts. The worklight illuminates your workpiece.

The circular saw has an extra guide handle for a solid grip. It also is equipped with a soft grip and a dust outlet for connection to a vacuum cleaner. The benefit of the dust extraction is a clear view of the cutting line and a clean working environment.

One blade for wood and the guide bar are included.  
The battery is not included. Combine the POWDP2520 with the 20V or 40V DUAL POWER battery.
