GRASS TRIMMER 40V - POWDPG7545

This 40V grass trimmer with a cutting width of 300mm is a useful and handy garden tool to trim lawn edges or borders. No cable will disturb you while trimming. For your comfort this grass trimmer comes with an adjustable auxiliary handle, an extendable aluminium shaft and a rotatable head.

The telescopic aluminium shaft extends up to 900mm and the adjustable handle can be set in three different positions for a perfect trimming position. The rotatable cutting head allows you to work effectively at a comfortable working angle. So you can cut accurately around flower beds, under bushes, around trees and fence posts etc.

The 5m double thread lengthens automatically every time you stop and start the trimmer again. No need to tap the head on the ground anymore, which will save you a lot of time. You can completely focus on the trimming job. You can work fast with this easy-to-use grass trimmer. The edge guide wheel will guide you while trimming the more difficult edges. Thanks to the flower protection bar you don't even have to worry about damaging your delicate plants while edging your lawn.

Combine with the 2x20V DUAL POWER battery. Battery not included.
