## BRUSH CUTTER 40V - POWDPG7550

This 2-in-1 40V brush cutter can also be used as a grass trimmer if the cutting disc is replaced by the spool (both included). The cutting disc has a cutting width of Ø225mm and the 4m twisted thread has a cutting width of Ø330mm. It will suit all garden trimming tasks with no restriction of a cable and a large freedom of movement. The double thread is foreseen with a tap & go thread lengthening system.

The POWDPG7550 with bike handle can be used at a high speed or at a low speed. Switching is easy with the speed selector. Cutting disc, spool and carrying belt are included.

Combine with the 40V DUAL POWER battery. Battery not included.
