PALM SANDER - POWESET5

This set contains a 140W palm sander and no less than 100 sandpapers (70 for wood; 30 for paint removal). Supplied in a strong metal case with a convenient carry handle.

The smallest corners pose no problem for the convenient palm sander. Its flat-iron shaped sanding plate comes with a selfadhesive hook and loop system. This allows replacing the sanding paper simply and quickly.

It is equipped with an active dust aspiration and dust bag. The advantages of the dust extraction are: a longer service life of the sandpapers, a better visibility on the sanding surface and a cleaner working environment.
