IMPACT DRILL 1050W

This 1050W impact drill can drill 16mm in concrete, 16mm in steel and up to 40mm in wood. For optimal durability and stability it has a metal gearbox and a high quality chuck.

The 13mm keyless chuck has a lock function, so it is easy to change bits and drills. There is also a metal depth stop, a left/right action and a lock-on button for continuous operation. The speed control can be set from 0 to 3000min⁻¹ to select the optimal speed for drilling. When choosing the impact function, you can count on an impact rate of 0-45000 strokes per minute.
