POWXG7516

LAWN SCARIFIER / AERATOR 1800W

This lawn scarifier/aerator revives your medium-sized to large lawn. It is equipped with 11 knives and 40 steel needles. The knives remove moss and dead grass from the lawn, while the fine needles loosen the soil so it can breathe and absorb water and nutrients. The POWXG7516 gives your lawn that fresh green colour again.

The cutting width is fixed at 360mm. A 45 liter collection bag gathers the grass and the moss.

The lawn scarifier is safe to use and has a safety lock. So there isn't any risk the machine will start unintentionally.

It is possible to fit the extension cord to the cable relief. In that way you can never unplug the power cable by accident.

The cutting depth can be set at 5 different positions: -15 / -10mm / -5mm / 0 / +5mm. All depends on whether you want to lightly vent or deeply scarify the ground.

Thanks to the carrying handle, you can easily move the lawn aerator with one hand. When you have little storage space, you have the possibility to fold the handle and save space.
